

Vote for your next Member of Youth Parliament Candidate!

Climate & sustainability

I'm Ruby and I'm standing for Somerset Youth Parliament Elections.

I am open minded and passionate about doing good for the planet. I enjoy reading and do a number of sports: rugby, swimming, dancing, trampolining and netball. I have taken on a series of responsibilities, throughout primary school, and hope to continue getting involved.

Since a young age, I have always been passionate about making change , especially when it comes to taking care of the environment . I hope to make that change through youth parliament as a future MYP.

My Campaign Manifesto

I want to stand because I believe that...

- 1** Litter needs to be dealt with
- 2** Too much energy/food and resources are being wasted.
- 3** Food miles are adding up and causes unnecessary pollution.
- 4** School and organizations need to do more to protect the eco systems and the environment
- 5** Other modes of transportation are also leaving a huge carbon footprint

Why Vote for me?

I will...

1. Send out a survey to look deeper into the issues, I am passionate about preventing
2. Encourage people to do something about the litter in their community, through social media , the Somerset Youth Parliament website and creating resources and workshops.
3. Raise awareness in schools and clubs to encourage young people to grow their own food to save money and reduce food miles.
4. Do what I can to support eco action across Somerset. Identify and network eco action groups to promote them and support their events
5. Represent young people by reaching out to organisations and services to find out how I can help
