The following subjects is 1 in 1000000 examples of how I'll help you with, you just have to vote for me and then ask whatever you want.

My mission is to make your voice heard without you having to get in saving you time, energy and giving you the opportunity to change your community without lifting a finger. For instance, if you wanted to plant more wildlife in your local area or build zebra crossings near your school , I could pass it on to decision makers and be a significant help to you.

My Campaign Manifesto

Why Vote for me?

The 3 main problems

- 1. Lack of NHS dentists.**
- 2. Air pollution.**
- 3. Lack of green spaces.**

These are the problems I will focus on if elected; I will...

1. use the leverage to pressure the people in charge of these things to make step in the direction you think is best for your health.
2. I will listen to and collect your ideas by holding an after- school events where you can meet me and share your thoughts.
3. I will also send your school online voting polls to collect your ideas, suggestions and solutions to anything you have highlighted. I will be a big possible help to all of you.
