My Campaign Manifesto

I want to stand because I believe that...

- 1. It is important to be active so that we are healthy and happy.**
- 2. It is important to stay safe online to stop cyberbullying.**
- 3. It is important to have a fun education. Everyone learns differently, and we should all have the chance to shine.**
- 4. It is important to listen to people's voices.**
- 5. It is important to have better support for mental health.**

Why Vote for me?

I will...

1. encourage people to take part in more activities.
2. promote ways on how to not be bullied online. I will promote kindness challenges and anti-bullying campaigns to make sure everyone feels safe and included.
3. I will reach out to schools and decision makers to push for more exciting lessons such as coding and music alongside English and maths.
4. Whether or not your voice is small, quiet or loud – your opinion is so important. I will be the person who listens to every single voice and to bring them up in meetings.
5. Sometimes school and growing up can feel stressful. I want to make sure every student knows it is okay to talk about how they feel, and that schools have friendly people we can go to when we need help. If I am elected, I will work with schools to make sure students know who they can talk to if they are worried or sad.

Our schools should be a place where everyone belongs, no matter who they are.
